From: Bill Graening-Director

Jeffrey:

I first want to thank you for partnering with us for this year's Alive Festival. Your presentations were well received and the comments from youth leaders and youth that attended the packed seminars were overwhelming!

I was also impressed with your heart to serve and how well you connected with such a diverse group of youth. Our seminar coordinator Lois Ferrel also commented to me about your presentations and felt we should definitely invite you back for next year's festival.

Please feel free to copy this letter and send it to other festivals or churches and I would gladly make myself available personally to endorse your ministry and seminars on "Choices". Lives were changed and kids were encouraged to follow Christ and make wise choices!

I am glad to call you my friend!

Serving Christ together!!
