To whom it may concern:

I would like to take this opportunity to express my sincerest appreciation for the recent visit by Jeffrey Dean to Delaware. I have had the pleasure of working with Jeffrey over the past few years and I am always pleasantly amazed at the energy and enthusiasm that he has for the work he does with young people.

That enthusiasm is contagious as everyone who comes in contact with Jeffrey, whether it be the youth who participate in his inspirational presentations or staff who help to coordinate these visits, ultimately become fired up and motivated to be the best they can be.

Jeffrey's abstinence message has been an extremely valuable resource for agencies like Boys and Girls Clubs of Delaware and the Delaware Alliance for Adolescent Pregnancy Prevention as it provides the perfect vehicle to carry this all important message to our young people.

I know through first hand contact with youth that Jeffrey's message is not only being taken into our schools and youth facilities, but these young people are listening and heeding his message of wisdom. It has helped to bolster the self-esteem and self-worth of so many youth throughout our state.

I am proud to play a role in Jeffrey Dean's visits to Delaware and even more importantly, I am proud to be a friend of this spiritually-led youth missionary.

Sincerely,

John Hollis
