Dear Jeffrey,

Thank you for coming to speak at the Fremont Middle School on Thursday, January 24, 2002. Once again, your message was great and the kids really enjoyed seeing you again. Even though this was the third time you spoke at our school in the past five years, the message was very entertaining and right to the point. I appreciate your talent of speaking the "truth" to this generation. I had several students and teachers come up to me and comment on the wonderful message shared that morning.

As the Center Director of the local Crisis Pregnancy Center, I feel strongly that the message of saving sex until marriage is one of the most important issues for today's teenagers. You do an excellent job of sharing personal stories and humor to get your important message across to them. At the center, we stress the importance of abstinence and I personally feel very strongly that this message needs to be presented in the school settings.

Once again, thank you and feel free to share this letter with anyone who may be interested in bringing you to his or her school. The Fremont Middle School is a large institution with over 1,200 students in 7<sup>th</sup> through 9<sup>th</sup> grades and they were very interested and well informed by your message.

Sincerely,

Mrs. Sherry Sprouse, Center Director
