“Empowering women to make life affirming choices”

Jeffrey Dean Ministries
225 Cumberland Circle
Nashville, TN 37214

Dear Jeffrey,

It is with great pleasure that I write to tell you how successful your visit was to the Wise County area. Wise Choices PRC is blessed to be a partner with your ministry. Your message resonates with responsibility and tools to bring about changed lives – a message which explains to young people they do not have to live the life of degradation and “following the crowd”, but can step up and be a change maker by making wise decisions for life. As I traveled with you from school to school, the message was consistent yet still personalized. How do you do that? It must be a God thing, because I know He is who you lean on for your understanding. As I heard from one young man, whose father is a pastor, “I know Jeffrey Dean had to be a Christian, even though he did not say anything about God, because the things he said came right out of the Bible.” Truth is powerful and cannot be hidden!

Northwest ISD’s “Plugged-In Parenting” was one of the most highly attended parenting events of the past several years for that school district. I know several parents were moved to get more involved in their children’s lives after listening to your presentation. I heard more than one parent express their amazement of the things they did not know were going on in their teenager’s lives until hearing you speak. Also, I heard them say how much they appreciated your frank talk which awakened a heightened sense of urgency to become a better parent. You pulled no punches friend! It was a wonderful eye-opening evening.

Thank you for being a part of our community and bringing God’s message to Wise County. Thank you for leaving your family and being here for us during a difficult time in your life. Thank you for allowing Kimberly to come and be with us all. Thank you for allowing God to use you in such a powerful way. We appreciate you and your sacrifice to do what you do.

God bless you,

Branda Thomas
