To Rich Blackburn,

I want to thank Wise Choice's for bringing Jeffrey Dean back to Springtown High School this school year. This is our second year for our students to benefit from Jeffrey's powerful message.

Jeffrey has the gift of grabbing the student's attention and keeping an interaction with them while getting his message across. The message of good decision making and making positive choices starting now can be difficult to communicate with teenagers, but he does it with ease.

When I was introducing him to our students I had one student ask "is this the same guy from last year?" When I said "yes" they were very excited! That speaks volumes!!

We look forward to seeing Jeffrey Dean in our school next year!

Thanks and Sincerely,

Kimberly Lund
SHS Counselor
