

TUPELO HIGH SCHOOL

With all the state and federal requirements placed on schools these days, it is difficult to allot any time for a guest speaker. To other school principals out there who have a chance to bring in Jeffrey Dean, please do it! There's no doubt in my mind that our students were positively impacted by hearing Jeffrey's powerful words about peer pressure and realizing we all have a chance to start again.

Thank you, Jeffrey, for helping start our school year off on the right track!

Sincerely,

Jason Harris  
Tupelo High School Principal
